

**THIS ENDORSEMENT MODIFIES INSURANCE PROVIDED UNDER
THE COMMERCIAL GENERAL LIABILITY RIDER GL1**

NATURAL AND/OR MANUFACTURED GAS EXCLUSION ENDORSEMENT

In consideration of the premium charged, it is understood and agreed that the coverage afforded by the Commercial General Liability Rider GL1 does not apply to claims arising out of:

1. the installation or removal of gas mains including laterals outside of buildings or other structures;
2. the installation or removal of, or repair of gas meters;
3. the installation or removal of, or repair of gas mains, gas pipes or other gas appliances or equipment inside buildings or other structures unless gas is turned off at meters or other devices controlling the flow of gas into that section of such buildings or structures in which the Insured is performing operations;
4. making connections or disconnections from gas meters or other devices controlling the flow of gas into buildings or other structures;
5. the violation of any Provincial regulation, or any local by-law or ordinance in effect at the place where work is being carried out and where such violation was committed with the express or implied consent of the Insured.

Except as otherwise provided in this endorsement, all limits, term, provisions, conditions, definitions and exclusions of the Policy shall have full force and effect.
