

## Manitoba Retail Sales Tax - Farm-Use Certification

To be completed if the farm property/equipment is owned or leased by a person engaged in the business of farming.

As per the Manitoba Retail Sales Tax Bulletin 018, *the business of farming* means the growing of field crops, primary production of food and raising of livestock on farmland for commercial sale and as *the primary source of income for the operator*.

Note **hobby farms** are specifically excluded from this exemption. Hobby farms are those farms generally operated for recreation, without the expectation of profit and not as the primary source of income for the owner.

Policy Number:	
Insured Name:	
Land description:	

Exceptions (if any): List below any insured property that does not qualify for the RST exemption.

I hereby certify that the information on this certification form is true and correct to the best of my knowledge.

I also understand that should my circumstances change in that I am no longer able to meet the definition of “the business of farming” as described above that I will notify the Insurer immediately of the change in my status.
